

Caring Together

CNWL's Carer's conference

October 21 2016, 10am-4pm

Friends House, opposite Euston Station

Calling all CNWL Staff and Carers of CNWL Patients

Come to the first Caring Together conference organised by the CNWL Carers Council. The conference will focus on the twin themes of 'Caring for Carers' and 'Working in Partnership with Carers'.

Professor Dorothy Griffiths, Chair of CNWL NHS Foundation Trust will open the conference and we have a range of speakers and workshops looking at the challenges our carers face and successful ways to support and work together with carers. Our marketplace will showcase good practice from across the Trust and beyond.

We welcome CNWL staff who may also be carers themselves and hope to focus on the particular challenges and support needs you face.

Come along to:

- Learn about good practice and exciting and successful initiatives taking place
- Identify and commit to practical actions which will help address the issues raised through the conference.
- Enjoy lunch, pampering and giveaways, and a great opportunity to network

To register for your free place, contact Asema Anwar on
020 7504 5571 or asema.anwar@nhs.net
